Rowan University STEAM Academy	April 30 th	Not listed	Open to students entering grades 9 through 12, Rowan University's STEAM Academy features instruction by top faculty whose diverse curriculum prepares students for college and career paths. With both day and residential programs available, our STEAM Academy exposes high school students to college campus life while immersing them in STEAM-focused learning experiences and field trips. Residential students stay in supervised housing on campus, dine in Rowan's cafeteria and at local restaurants, and enjoy our Recreation Center. Upon successful completion of the program, residential students earn three transferable, college-level Rowan University credits. https://sites.rowan.edu/stemcenter/docs/steam_brochure.pdf
Rowan Mobile Programming Summer Workshop	July 1	\$199	RAMP is a four-day, nonresidential computer science summer workshop for high school students. Our program is designed to get students hooked on computer science while getting a glimpse of the college campus experience. At RAMP, students will learn how to create custom apps and games on mobile devices using easy-to-learn programs. No prior computer programming experience is required. https://sites.rowan.edu/stemcenter/ramp-summer-camp.html
