

Advanced Placement Psychology - Summer Work 2023

Ms. Miller

mmiller@delsearegional.us

*****In order to complete the summer assignment for AP Psychology you must join the Summer AP Psych Google Classroom.***

The Class Code: 3k7alip

1. Advanced Placement Psychology is a content based course. Because of the volume of material needing to be covered in order to prepare for the AP Exam, you are asked to read and complete identification terms for several units from the textbook. The ID terms consist of three Google Documents, which are found on the Summer AP Psych Google Classroom. These Docs require you to complete the third column where you will provide examples and/or details for each term in the unit. Specific instructions are found on the Docs themselves. The needed text pages can also be found on the AP Psych Summer Work Classroom (Click on the “Classwork” tab to see everything by category). The specific units and pages are as follows:

Unit (Modules) / Pages

1-1 (1-3) / pp. 63-139

5-2 (60-64) / pp. 1659-1746

7-1 (37-44) / pp. 1075-1267

*****All three Google Docs must be submitted through Google Classroom no later than Friday, August 25, 2023 at 3:00 PM***

2. You will also be required to complete two free-response questions related to Unit 1-1 (Modules 1-3). Please keep in mind that writing in Psychology is different from the open-ended questions you may have written in History or English class. In simple terms - no fluff or fill. Answer the questions as clearly and concisely as possible. You are NOT to include even a topic sentence or closing sentence. Just answer the question. Your responses should be typed into the Google Doc found on the Classroom stream below the question. It must be submitted through Google Classroom on or before:

FRIDAY, JULY 28, 2023 AT 3:00 PM.
